To Whom It May Concern:

Choosing to work with Steve Owens and PLS Construction on our recent building project is one of the best decisions I have made. He was a super contractor to work with, making suggestions along the way that really enhanced our finished buildings. It was easy to see that he takes pride in his work and goes above and beyond to make sure your finished project is something you are happy with. His crew did an exceptional job and were always helpful and respectful. I will no doubt use PLS Construction and Steve Owens again when the need arises and would highly recommend anyone to give him serious consideration for their building needs.
